

VOYO: Connected Vehicle Care with Remote Support

VOYO is a Bluetooth-enabled device that monitors your vehicle's health and helps proactively support maintenance—reducing unexpected issues and downtime.

WHAT VOYO DOES

- Securely sends vehicle health alerts and diagnostic information to our shop
- Enables proactive service recommendations and remote support
- Vehicle data is transmitted only when the VOYO app is connected

GETTING STARTED

1. Download the VOYO App

- Open the App Store (iPhone) or Google Play (Android)
- Search for “VOYO – Driving Perfected”
- Download and install the app

2. Your VOYO Account

- Our shop will create your VOYO account and connect your vehicle
- You will receive an email from support@voyomotive.com
- The email includes your account name and a temporary password
- Please check your spam or junk folder if you do not see the email
- Use the link in the email to set your new password

3. Log In

- Open the VOYO app on your phone
- Enter your account name and new password to sign in

CONNECTING VOYO TO YOUR VEHICLE

- Make sure Bluetooth is turned on on your mobile phone
- When in proximity to VOYO with vehicle power on, the VOYO app automatically connects to the device.
- *For best results, keep the VOYO app running in the background*

YOUR PRIVACY

- Our shop does not see your trip history or current vehicle location
- The shop only receives vehicle health and diagnostic information

ACCESS YOUR VEHICLE ONLINE (OPTIONAL)

- Visit www.VOYOTrak.com
- Log in using your VOYO account name and password
- Review vehicle health, alerts, and trip information anytime
